THOUSAND OAKS CHRONICLE
2595 East Thousand Oaks Blvd.
Thousand Oaks, Calif. 91359

Dear Mr. Sosna:

This is to inform you that I have been with Church Universal and Triumphant for six years. Prior to coming into these teachings I had tried several religions and even gave up on organized religion as to watered down and too compromising. This is a religion and not a cult. There is no personality worship here.

My life has been completely transformed with these teachings. I have been on staff for one year now at Camelot. I see the dedicated and pure lives of those around me. I have been all over the world and I have never seen a community like this anywhere. Every three months students come from all over the world and I see them leave here adjusted and well. Our own Montessori school is the finest anywhere. If you could come see us you would realize the great injustice you have done to us. Or come see the plays that our students have put on. See a film of the one that was performed at the Coliseum at the Freedom Rally. It was lively and most meaningful - one that any American would be proud for the entire world to see.

I am shocked at the slander and the untruths you would dare to print. What an unintelligent thing and degrading thing to you also, to quote slanderous and self-serving people such as "Hustler" Magazine. If you could pick the most important and valuable woman on this planet that ever lived, could you then run her down as you unjustly did this one who in my heart is the greatest one, the most self-sacrificing and dedicated to humanity that I could ever know or have ever heard of from all of history.

Have you no respect for womanhood, or your own mother, have you no honour or decency in your soul not to do a more thorough investigation of us? We are here dedicated to serving mankind and would do nothing to hurt you. You only seem to be interested in creating sensation, controversy, sell newspapers, and an attempted destruction of something I know to be so high and so fine. One does see so little of high ideals these days.

Elizabeth Clare Prophet has counseled me through the years and has always given me the highest ideals and is a living sacrifice. I have been through two quarters of Summit University and have received the highest teachings, anywhere on this earth. I have spent many hours with her alone and she is without blame or fault, just as Jesus Christ was before his crucifixion.

I hope you can correct the damage you have done to yourself first and to us second. Truth stands on its own, but what can one do to

refute lies, slander, and gossip? You have attempted again to crucify the Christ in us all over again. Why should we suffer persecution when it is untrue what you and what "Hustler" Magazine have said. Also in that same issue Alexander Solzenitezn was attacked.

God is real, the Ascended Masters are real, and we are striving to be real, as pure sons and daughters of God, as was the Essene community through which Jesus came forth. We are an asset to this community of Greater Los Angeles and it is most unfortunate that you could not see it and welcome us as such and as neighbors. We have nothing to hide, do take a look at us and at our teachings.

With all respect for the real in you.

I remain...

Dear Ms. Kenney:

I understand that the Valley News and Greensheet will be doing an article on Church Universal and Triumphant.

I want you to know that I have been with this organization for six years. I also have attended two quarters of Summit University. My life has been completely transformed with these teachings. I had previously tried several religions and became so disillusioned because they were too compromising and watered down.

There is no way this religion can be called a cult, as there is no personality worship here. The director, Elizabeth Clare Prophet is the finest example of womanhood I have ever met. She will be listed with the great women of all time. I have spent a great deal of time with her and her counselling of me has always been of the highest of ideals for me. She is without fault or blame in all the endeavors she is undertaking. She is a teacher and a writer. She has the finest Montessori school anywhere as well as Summit University. I have been on staff for one year now. Every three months students go through Summit University. They complete their courses very well adjusted and healthy and better equipped to go back to college or into the work world. Many want to stay of their own free will because they realize what is being accomplished here.

I hope you will do a very thorough and positive investigation of what we are doing here. I would not like to see such worthy aims as we have here be jeopardized by inaccurate coverage. If you would listen to a handful of disturbed people whom this organization has tried to help, who have left and chosen to do a vendetta on this organization, it would be a great injustice to those future people who will be coming for their own growth.

We have nothing to hide, please do not listen to lies and gossip about our organization. Please avail yourself of our teachings and also feel free to contact me if you have any questions.

Most respectfully submitted...

reading the three full pages of the letter to the editor in the Jan. 23 issue. I was at the similarity of the letter of Letters published, 15 were critics of the Church Universal and Triumphant. Of the 15 letters 13 of them dealt with membership in the organization. Two of the 15 letters denounced Bob Montessori's credibility. The three others explored were discounting the actions of Marilyn Malek, the superior narcissism and happiness of the children attending camp, and the benefits of the Montessori education.

idemic now
News Chronicle:
out 1938 I was invited by a friend, who was a carrying member of The Great I attend one of their meetings. I did. I'll admit it wasn't "to seek the truth" so it was curiosity but I was greatly impressed. The show was dramatic and professional.

The performance started the lights in the auditorium began to dim and a larger image of St. Germain came slowly in fluorescent serenity on the stage. At the time a voluptuous blonde wearing a white satin gown and carrying a sash came from the back of the hall and walked her way with stately measured steps down the central aisle to the podium. Her sound was the rustle of her silken dress against the low theme music in the background. Then the pitchman came from the stage, dressed in flowing purple robes and a glistening golden medallion hanging from his throat. He made obeisance to St. Germain and turned to the audience with a musty-tongued saying, "Love, love, love, you the lights came slowly back and in his quietly eloquent panegyric to the 4 revolutions that the novitates could from the Great I Am. It was absolute convincing, totally believable. After 15 minutes the lights again dimmed as the man drew into glorious luminescence. He made her obeisance and she slowly backed up the aisle — it was a lovely sight. During this time the full moon shined on it was almost like waking up.

There has been no crass passing of the word when a mention of worldly exiles. However, there were card tables in the hall with inspiring literature for sale and some for sale. I might add that the audience appeared to be typical of the Midwest America. There were a few young people. The fact that the News Chronicle series on our "evolution through donation" movement is based on the underlying reasons for the "cults". It is apparent that there is a feeling of insecurity and vague uneasiness. It is not so easy to understand the reasons. These reasons, clearly, are the growth of our young people's growing interest in the esoteric. The time of my exposure to St. Germain and the "cults" were not pantheistic. They are now.

Editor, News Chronicle:
First of all, let me express my very personal thanks for the courteous way you handled me and the other Montessori International parents yesterday (Jan. 22). My willingness to meet with us at length and to be patient was a real tribute to your patience and responsive community jurisdiction practice at the News Chronicle. As a former journalist — most recently publisher of a major "city" magazine — I was able to appreciate the difference between news-worthiness and sensationalism. Distinction not always readily apparent to others, particularly when their own interests are involved. As a member of Church Universal and Triumphant and a Montessori International parent, I too wish you had drawn more attention to our accomplishments than the accusations of our detractors. As a news writer and I am grateful for this chance to now express my own views. It would be valuable to compare the two doctrinally but socially and economically respected worldwide but which are far worse than a "cult" individual's expression in its early days — the Jesus Christ of Latter-day Saints, commonly called the Mormons. I am grateful for your writing and the

it is for churches and other non-profit institutions to open such enterprises. My own alma mater, New York University, owns — or did own when I was a student — a spaghetti factory as well as much choice New York City real estate. The Mormon Church owns one of the largest sugar processing and packing operations in the United States as well as at least one cannery, radio and television stations in several cities and many other "businesses".

Where real estate is concerned, with the possible exception of some marginal "storefront" churches which rent their premises, I doubt that there is a church group in the United States that does not own such real estate as it requires to serve its own needs. I remember hearing, though I cannot verify it, that the Roman Catholic Church is worldwide, the largest non-government owner and operator of real property. There is no reason they should not be, since their communicants are to be found worldwide and are entitled to a place in which to practice their religion.

Finally, as a Montessori International parent, I would like to make just one more comment. I have been blessed with "two families" — an older son now in his mid-20s and two children now in first and second grade. My older child was educated at some of the "best progressive schools" in the United States, at great expense, because I did not like the regression of creativity I thought existed in conventional schools. He has, to this day, problems of motivation and self-discipline which I attribute largely to the laxity of the progressive system of education. In the almost two decades between the education of my older and younger children, the progressive philosophy has almost totally taken over the public schools. I believe this system to be inadequate to the needs of the child and I am personally offended by the teaching of permissively oriented sex education and the prohibition of prayer. Nevertheless, I still find that many schools practicing a stricter discipline are, to my mind, often unable to allow the fullest blossoming of the child's natural, innate creativity and individuality. It is only at Montessori International that I have met with that balance of discipline and freedom that allows the child to achieve her full potential. My 7-year-old reads at the fourth grade level, writes well and intelligibly on many subjects, is a poet and an artist, and demonstrates an ability to deal with her social and material environment that never ceases to amaze me. I attribute this to the Montessori system generally and the fine way it is realized at Montessori International.

Thank you,
RUTH R. QUISH,
Calabasas.

False gossip
Editor, News Chronicle:
Recently I had an opportunity to review some articles printed in your newspaper on the 17, 18, 19 and 20 of January of this year; all of these concerned with the Church Universal and Triumphant and with its leadership under Elizabeth C. Prophet. Your readers should have every opportunity to know the truth concerning all matters dealt with. If you are willing to concede that, then you will not hesitate to publish this letter in full. When reports based upon false gossip are accepted — as if they represented the truth — then, all concerned are deceived and those who circulate such reports are accountable. I doubt your willingness to condone such action.

With full assurance of speaking the truth from my firsthand knowledge, I can affirm that the leaders and supporters of the mission and work of the Church Universal and Triumphant are characterized by an unselfish dedication that is very rare in this world. I have attended many lectures by Elizabeth Clara Prophet and witnessed her tireless dedication to bringing help and greater enlightenment to many thousands of grateful souls who have been inspired by her example to help many others in turn. Thus, her brilliant mind and compassionate understanding of others reveal a life consecrated to the service of God's will through the gifts and graces of the holy spirit.

Since I have taken it upon myself to write to you concerning this matter, it seems appropriate that I should provide you with some explanation of what is behind the stand I have taken:

1. I am a person past 70 years of age and I have spent much time in pursuit of studies in comparative religions — with a view to tracing their influence upon the cultural history, the peoples and nations of the world — in the East and West.
2. I have never been "brainwashed" by any so-called "cults" or their beliefs and dogmas — nor have I been satisfied with the simplistic ideas of theologians who dispute

regardless of what evil motivations may prompt their actions. Such beliefs spawn crime, terrorism and social anarchy at a cost beyond calculation to the nations! The capacity for self-deception is basically rooted in personal egotism — and this tends to make of individuals their own worst enemies — by the deadly tyranny of the "carnal mind." The attitudes explained herein will help us to understand "spiritual wickedness in high places" and the origins of war. From all these considerations we are forced to conclude that what is now most needed is a revolution in higher consciousness.

A study of the sacred scriptures of the peoples of the East, as well as the Old and New Testaments of the Bible, plus a study of the writings of leading philosophers of past eras and the present — by these pursuits, linked with my direct observation of people's lives, I have managed to sharpen my perceptions a good deal. Hence, I feel equipped to estimate with considerable accuracy the worth and substance of what contemporary thinkers and spiritual guides have to offer. In the light of my soberly conducted investigations over many years, I've discovered the greatest inspiration and practical help in the teachings of the ascended masters.

In the tradition of the far-famed prophets and sages of old, it is only those who are thoroughly tried and tested — and not found wanting — only such souls qualify to become messengers of the masters to humanity. In the present era I know, with certainty, that Elizabeth Clara Prophet is an anointed and chosen instrument of the masters, as was her late husband, Mark L. Prophet. I have had ample opportunity to be a witness of their self-sacrificing dedication to the will of God for the deliverance of his people by their courageous deeds and the words of their testimony.

End times
I am writing to you concerning the articles being written about Church Universal and Triumphant. They seem to be very opinionated and one-sided. Not based on fact, just gossip and hearsay. I realize the editor may think people will read a negative article full of gossip and lies more readily than the truth. It's like a soap opera. Some people seem to be hooked on them. However to do a real service to the people, it is the reporter's job and responsibility to present the facts on both sides and let the people make their choice. People are not dumb and will make intelligent decisions when they have the facts and understand everything that is in front of them.

I am the mother of three children and a member of Church Universal and Triumphant. This is a true church and not a cult or sect. It is based on the true teachings of Jesus Christ, the Buddha, and all the great religious leaders of the past. It is a new age teaching. It is the teachings of the ascended masters. Ascended masters are individuals who have conquered time and space and found their way back to God. The teachings of the ascended masters explain the mysteries of God as they apply to our individual life streams and these end times. (End times meaning the end of an age.) Wake up! This is the end times! The ascended masters and their teachings are here to help us. They are here to show us how to find our way back to God and how to solve the problems of this world. This world is ours. God gave it to us. Earth is a classroom where our soul is ever learning and growing. We have to take dominion and bring this earth under control or lose it because we did nothing or didn't understand that it was ours to do something about. The masters are here now, giving us this knowledge of how to take dominion over this earth and find our way back to God. They've been in our place and won. Now it is our turn.

I cannot tell you what a blessing and a help to a person's daily life the teachings of the ascended masters can bring. Trials and tribulations we all have, but seeing these for what they really are, a test for your love of God, can make the difference whether we succeed or fail. We need to understand what life is all about and what our purpose here on earth is.

Children have so much to give and live for. They need to be challenged in mind, body and soul to grow. Montessori provides this. It's sad to say, but the public school system is going downhill. Ask any parent who is concerned about his child's education and he thinks the public school system is as good as it could or should be. Our future is in our children. If they don't have the training and teaching they need to handle the world and their daily lives, where will the world be. Blown up by a crazy society who have lost their minds to drugs and a lack of God's love and knowledge? Not for me. I vote for God and the ascended master way.

I hope your newspaper and reporter will check out the positive side to the church and the teachings. What are you afraid of; God's love or his wrath? The choice is yours. I am with God.

PATRICIA A. SCHMIDT,
Mission Viejo.

As statistics
Editor, News Chronicle:
My grandmother used to say that the squeaky wheel gets the most oil, and I think that old adage well applies to your series of articles about Church Universal and Triumphant. I am certain that you feel you presented the facts, but you have permitted hundreds of people to be treated as a bunch of statistics — statistics gathered from people who obviously have axes to grind. The happy members of our movement far exceed the handful of squeaky wheels that have been screaming the same notes for years.

I am a grandmother, a graphic artist by profession, and I have been a part of this organization since 1971. I can attest to the fact that by and large we are a group of people that cannot be categorized by age group, race, creed, educational or professional backgrounds — we are families and students all. We are people who searched for the right place to apply our heart's love — and here we are!

I sincerely hope you will take the time to again exercise the freedom of the press by presenting Camelot in the light of what it is — headquarters for a movement of God-loving people inspired by Elizabeth Clara Prophet. Thank you for your consideration.

Letters policy
Editor, News Chronicle:
What prompts this letter, is your attitude on the Church Universal and Triumphant. The "Letters Policy" statement "You admit" that the printing "community service" and that of "newspaper professionalism" ters, you risk your readership. I you risk your readership by repetitive sensationalism of articles on Church Universal and then defend this nonsense "letters policy" statements. I further submit that you hide "community service" and "proof while abusing your privilege in title by "manipulative, indiscriminate single-purpose" columns. One thing I have learned of life, is that those who manipulate others and are exposed back at the exposer by accusing very acts that the manipulator performs.

I challenge your newspaper motivation behind wanting the condemnation our church. April 20, 1980

Beloved Mother,

I am pleased to tell you the good news that Linda Ann Mull is in Pallas Athena's quarter of her own free will, and that 58 Caselli Avenue, my home in San Francisco, is sold.

I thank you for stopping me on the campus on a few occasions and especially recently when you asked me if you could make calls for me and if everything was all right. I also thank you for our last visit when you recommended I take back a loan on my home if it need be to sell it and that you would make calls for it to be sold. I informed you it was the only way it could be sold with our present economic situation. Thank you for your calls that did bring results. On these occasions when we met on campus I did not want to burden you with the suffering I have undergone since I came to Camelot with severing my relationship with Kathleen, financial burdnes, seeing my-life work depleting without income to sustain it, depression, doubt and fear, sinking feelings and despair along with much surrender. I do "reverse the tides" daily on Kathleen's energy that is sent to us and not of the Christ. She just yesterday called Patricia Meehan at my condominium in Westlake. I will ask Patricia not to talk to her again. I shall not trust her or Edgar again until they come into the Teachings again and then I would like to be the first one to welcome them at the gates of Camelot.

I brought my daughter to Southern California and bought a condominium, even offering to give it to her, which I did not do, just to see that her sould was protected by being near Camelot. I got her a job at Excalibur Video Systems, which involved her with people in the Teachings and with the Masters. The two girls she first lived with had the opposite reaction. The Masters with my daily calls which never stopped for six years have brought her into their circle of protection, and I am most grateful.

I had the financial burden of securing approximately \$4,000 per month without income to defray this loss for my current obligations. This went on for ten months while I gave the Church a full commitment of all my time, doing

architecture for Camelot, without taking any jobs or making money from architecture outside of Camelot. This was financially a sinking, depleting experience for me. I came to Camelot at your request to do architecture and was asked to come on my terms. My terms were obvious and you agreed to pay all my expenses. I agreed to sell my home as soon as possible to reduce those monthly expenses and close down my business in San Francisco and devote all my time to architecture for the Ascended Masters. However, I had to make numerous trips to San Francisco to finish jobs in process and close down my business. While working for you from January 8, 1979, to November 1, 1979 I had the opportunity of working on the following jobs:

- 3300 seat auditorium
- Will of God Focus
- Montessori International School
- private residence
- guard gatehouse with model which you never saw
- dining room remodel
- riding academy
- botique at the swimming pool
- tower room for private office
- numerous consultations and from 12 to 20 hours a week since November 1, 1979.

Since November 1, 1979, when on my own, I have gotten one job from about \$190.00 worth of ads in several local newspapers and the rest from former clients with the help of the Ascended Masters. I have done fourteen Great Divine Director calls daily since January 1, 1980 until the present for the solving of my problems. These are jobs I have done the last five and one half months:

- a 24 teenage girl home in California City (completed for a Los Angeles client)
- Motel Santa Cruz (20 rooms) (I got permit)
- remodel residence in San Rafael (completed in Marin County Frank Lloyd Wright Center for a permit)
- duplex in San Francisco (just completed preliminaries)
- store fronts (designed by Alexander Reichhardt - I pay all Camelot help \$10.00 per hour for their helping me with my jobs)
- Peter Middendorf residence remodel (completed)

Because I dropped my advertising and listing in the San Francisco phone directory and discontinued my dictaphone, I had no new clients to draw from. The Masters have been good to me to let me get the job I got so far. I will be in the new San Francisco phone book as of September this year and local phone books in a few months. Peter Middendorf has remodeled a room for an office for me and when I am in San Francisco he lets me keep a phone there with an answering device. I pay him only \$50.00 a month for this service.

We did not know of 'eminent domain' and I did not know it would take so long to sell my home so I burned all my bridges behind me. This August I will be 59 years old and I have to see that I have some financial security for myself and for my daughter whom I will sponsor for all of her college education.

This experience at Camelot has taught me to turn to the Masters always but also to be practical and look out for my own future, age and all considered. Also, I am hoping that in eight years we will get the Golden Age started and I might slow down just a little.

I must exercise my free will to own property, to sponsor my daughter and provide for my old age and the eventuality you would not need me at Camelot or if I became ill and could not work. I do not want to be a burden on the community of Camelot, nor do I expect you to provide for me if I were ill, nor to educate my daughter.

My home has been sold to Arden Van Upp for \$199,500.00. I am receiving \$46,020.00 now and \$3,926.99 on or before June 15, 1980. This is the down payment on my home. She is carrying my first mortgage with World Savings for \$84,000.00 at 9½% interest, a second mortgage of \$28,000.00 at 18% with 10 points for securing the loan and I am giving her a third mortgage from me at 10% interest paid monthly. (65,000 loan) This will be due to me in full in 2 years. She bought it as a gift for her 22 year old daughter, Tammy. They both will be down to visit Camelot next month. I am trying to talk her daughter into going to a quarter at Summit University. I have known Arden for about twenty years. We have renewed our friendship of late. She also came with Linda and me to the Washington, D.C. conference and liked it but made no commitments.

Enclosed is a flyer on my home listed as document "A". In it you will see my home was first listed for \$260,000.00, then reduced to \$240,000.00 - then to \$199,500.00. I felt I would get \$240,000.00 for it and it was on this basis that I felt I could pay you back for all the money you gave me to meet my financial obligations. I also appreciated the fact that you would ask me to do architecture with you and the Ascended Masters. In the last 4½ months with income from architecture only I could not provide for my bills so I had to borrow \$9,600.00 from Dr. Elizabeth Moyer at 10% interest. This paid for two months of bills and I have made enough to support 2 ½ months of bills. I now have the following immediate bills to pay:

\$29,000.00	- current bills due now
26,500.00	- Marjorie Zeila Mull loan to buy Westlake condominium - due now
15,000.00	- capital gains due next April 15, 1981
9,916.50	- Dr. Elizabeth Moyer - due now
<hr/>	
\$80,416.50	

I will still have my Westlake condominium mortgage of \$51,735.00 with a \$448.00 monthly payment. I will not have to pay the \$15,000.00 capital gains until next April. I will also not pay my ex-wife the \$26,500.00, so this would give me \$10,900.00 which I would like to give to you now as full settlement of all commitments we have made to each other to date. I cannot afford to give you the \$37,431.40 which I would have done if the property had sold at \$240,000.00 but as it is I would lose all my properties if I kept this commitment. So I now will have to ask for my terms to be honored as you agreed initially, and offer the \$10,000.00 as a full settlement of all commitments to date without any future payments on said commitments. I cannot bear the burden or take on any further financial obligations any longer.

The sale of my property has not created profit for me but has been an exchange of bills yet to be paid. I can give you \$7,000.00 immediately and \$3,000.00 June 15, 1980, from the \$2,900.00 commitment from Arden Van Upp due then. Monroe wanted to salary me when we had our discussion in Edward Francis' office and was concerned I would feel I was thrown out when no longer need to do architecture here, which was a prediction of Kathleen's.

This I do not feel but I ask for you to make that financial commitment null and void by calling it salary, or independent contractor payment or a forgiveness of debt. Also, they did not want to loan me anymore money. This I understand so I sought it elsewhere. This was a very low period for me psychologically. Anyway in two years I should be in much better shape financially but I do not want any additional burdens of debt or commitment to pay debts in the future except those that I must accept.

In the future it will take only \$945.67 a month with income from interest on the third mortgage and subletting the condominium for me to break even. This is a great relief for me. I hope to make the \$30,000.00 to pay the \$80,416.00 current debt in the next two years, as well as pay current and ongoing bills. After two years I will be in a better position to serve the Ascended Masters but I will have some time now I can give to Camelot when my jobs are not incoming from the outside work. If you can pay my \$945.62 a month expenses I will serve you full time with Architecture. If Camelot is sold I will be able to let you

claim many times over that you have paid so far for my services. I also have never billed you for gasoline or car or other operating expenses, which I have had since I have been here at Camelot. Most architects would charge you 7% commission. With thirty million dollars of buildings it would cost you over two million dollars for architectural fees. My expenses would be less than \$12,000 per year and in three years 30 million dollars of architectural work could be designed which would only cost less than \$36,000 for an architect.

Linda's mother was opposed to Linda's going to Summit University and for becoming a part of our church after all the talks Kathleen had with her. I am hoping she will change her mind and help us with her education, which would be a burden off me. She has even threatened to disinherit her. Linda will be able to help her mother as her mother does love her.

I have attended twenty conferences in a row and Linda nineteen which always kept me in debt but it was a good investment. I have paid for eight quarters for people to attend Summit. I attended two myself. I once increased my San Francisco mortgage to give to you \$3,300. I have kept a close relationship with Peter Middendorf who has given \$10,000 or so to date for Montessori International. He wants to increase it when he gets better control of the foundation. Also, he wants to visit Camelot in June. I gave him a round trip ticket for a Christmas present and do many things for him to show my appreciation for his giving to us every year. We should do something VIP for him as well as Arden Van Upp when they come to visit. I would like to bring them into the Teachings. I also managed to be a fund raiser for you, which I never thought I could do. I solicited \$2,200 from the Archangel Michael quarter for the Will of God Focus and \$3,300 from a recent Summit University graduate for the stations of the cross for the Will of God Focus. It also seems that I am tied to the Will of God Focus as the Jesus statue found me and I felt in my heart that statue was meant for you even if my photos did not give the best impression.

Dr. Moyer, Evelyn and Edgar Ford and Robert Brock were guests at my Westlake condominium at the last conference. Robert wants to come back into the Teachings and honor his \$10,000 pledge.

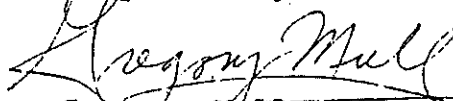

Peter Middendorf personally paid for David Passeger's quarter from his own money and David is applying to teach Tatiana Russian as well as Montessori and translate our books into Russian. David is a good friend of mine and I have helped him all I could to make it with my decrees and friendship since he first became interested in the Teachings.

I am prepared to give you \$10,000.00 as my total payment to you but all commitments in the past will have to be waived.

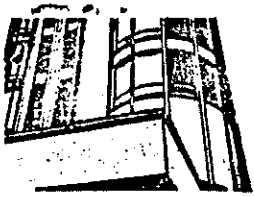

Attached is also a dictation from Sanat Kumara on architecture. My heart's desire is with Him for the new age architecture which is long overdue. I visualize octagonal glass or crystal prisms in different sizes that can be epoxied together vertically or horizontally to be a new building form, letting light and heat penetrate our buildings and with sun screens or draperies on the inside to cut out heat or light if needed. I hope and pray we can start on this or any other new age concept soon.

With all best wishes and appreciation for what you are doing for the Masters, Camelot and the planet.

Respectfully submitted,

more but he needs to work for me uninterrupted.
Perhaps he could work it out with you. Arnold
Anthony Ducci has made almost \$2,000.00 so far.
I will return from L. J. Friday May 2, 1980.

I will be coordinating my duplex w/ my struc-

Calabasas, California 91302

Dear Mrs. Prophet:

I am aware of you having Edward Francis and Tom Miller interrogate Peter Scott at his office for about twenty-five minutes within two days after he came to our home for dinner. This is to inform you I will invite whoever I wish to my home and say truthfully whatever I wish to them. If this practice of your continues, as well as your decreeing against me, which you are doing as per a staff member, in any of your tag sessions, and telling people I owe you money without stating your scheme and plot to coerce and deceive me, bringing up my daughter's name, or having staff meetings against me in any category, and making incomplete or untrue statements in any form, in the future about me to people, newspapers, etc. on any subject, I intend to expose you publically and sue you for damages.

Your vicious interrogators whom you have personally trained, your board, in this case Tom Miller and Edward Francis, tried to find out from Peter Scott if I ever talked to Bob Pool of the News Chronicle or turned you in to the Building Department for your hay barn print operation. I have not gone to Bob Pool, nor have I ever met or talked with him, nor did I report to the building officials about your hay barn print operation, but I have read of same in newspapers as well as other schemes of yours that went awry. Deanne Campbell, Torrance Young, and Donald Anthony Fucci came to me when I was on staff and told me he had stomach pains and was depressed and disturbed he knew he was working for a shady, fly-by-night concern of yours, in private names of course, so you were clear, supposedly. He said Torrance had been in other questionable schemes also. I recommended he had no choice but to quit immediately, which he did do.

You manipulated me out of my last \$5,000.00 on our last taped meeting. I have lived on borrowed money since. The tapes of that last meeting you promised me, I had difficulty getting them, I even drove to Camelot for an appointment with Monroe Shearer to pick them up, he was driving out the gate and I stopped him. He said he was sleeping when he talked to me on the phone. I don't even get good excuses. I had great difficulty getting the last tape replaced because it was not audible, one of your clever dirty tricks, after much discussion, I got that replaced wherein you admit you miscalculated, misjudged and made a mistake about me and you and your vicious board picked up rocks and threw at me. You are doing it again with contacting Peter Scott. You wanted me to stay, I resigned. I want to hear from you personally that it will stop. I also want back immediately the \$5,000.00 conned out of me.

Elizabeth Clare Prophet
Page Two

Please be thoroughly advised that you are to never have your dishonest, vulgar swearing board, specifically Monroe Shearer and Edward Francis ever contact me by letter, phone or their presence at my home, that is an order. I will consider them dangerous and call the police and newspapers and take whatever means to protect myself, I know Monroe Shearer carries a gun on occasion.

You may write to me personally and let me know that I do not owe you one cent on any notes I may have signed under coercion. It seems you thought you could make any kind of terms with me initially to get me on staff and then take me, and by getting me to become permanent staff, then I would automatically have to sign everything over to you that I owned. I was a community member with you for one year and five months - being over six years serving you and becoming a personal friend. You also wanted me to not put my condominium in Linda's name but a trust for you, not to educate my daughter after 18 years of age, not to provide for any illness-I might have or my old age. Later you asked me to sign my property over to you so Kathleen would not take it. It was your prophecy she would do this. Your prophecy did not come true, as others don't.

Unless I receive from you by December 8, 1980, by mail all cancellation of any debt you feel I may owe you or which you hold record of same, my last \$5,000.00 check to you, a promise not to smear and belittle me again as you did with Peter Scott you stand subject to be exposed and sued for your con game against me. Peter Scott has promised me he will let me know if you contact him again.

Monroe Shearer denies he offered to accept me on my terms which was to pay my bills, the terms on which I came to Camelot on. You accuse me of deception, you only wanted me to get down there, burn all my bridges behind me, then you had me on any terms you felt you might implement. Why didn't Edward and Monroe tell me on that first interview that you were not going to keep your word to pay my bills? No, let the bridges burn first. It seems Monroe only has power and authority when it pleases you, otherwise they speak for God.

I thank God I am free from your domination and gross and cunning manipulations, I see through you now for what you are: a tormented child by both parents, as per your personal confession to me; turning naturally to God and then going big-time, latching onto the "I am" and other Ascended Master movements and literature. If you could just be totally honest in all your dealings perhaps you would be something and would not have all the enemies you do, and have bad health, and which prompted you to tell me you thought sometimes you would go insane. Oh yes I have been contacted by your many enemies, deprogramers, asked to go on national television, newspapers all over the country, to expose you. They

Elizabeth Clare Prophet

will not rest until you are fully exposed and I am just about ready to join them. I haven't talked yet, but when I do Kathleen Mueller will testify also if I ask her to do so. Why is it only you who talks to and sees the Ascended Masters? Why do you have to send Edward Francis and Tom Miller to play detective when they could tell you I didn't talk to Bob Pool or call the Building Inspector on your illegal hay barn conversion? It is so very clever you become 92% karma free all of a sudden when you are under great attack by newspapers nationwide - what illusions of grandeur you have planned for yourself. To get caught in your belief system is a web that is painful to get out of. Yes I was thoroughly brainwashed by you. You have covered yourself on all bases, Mother of the Universe, Vicar of Christ, Guru, Messenger for the Great White Brotherhood, God incarnate, how can anyone doubt you, question you - if they do, they are kicked out and belittled. By your fruits in handling me I know you don't let many people get close to you so they really get to know you. Those really close to you get out, or stay because the end justified the means, they can fatten their egos, have personal authority over others and power. I will not be caught up with you with love or hate. Now I am angry but it will change to indifference as you are an illusion. It is a shame you rip people off for your quest for power. If you continue to say one more thing about me personally or via your board and others on your staff, please be assured I will tolerate no more. I wanted to forget a Monroe Sharer or a Edward Francis existed but you stirred the pot.

You need to know everything so I will tell you. I do not and have not seen Kathleen Mueller, my ex-wife, who was your private secretary for almost one year and who saw through you and tried to warn me, she knew you were a phony and ran everyone on your staff down including Gene Vossler and Carl Shalwalter. I lost a wife because of you. I thought I was choosing between a wife and God, but my true decision was between two women, you and her, and I chose the wrong woman. I consequently lost a wife whom I still love, she was overworked and so pressured and belittled by you that she became a very nervous person, now she is well adjusted. How many families and marriages can you disrupt in the name of your self-preservation and lust for power? No, not money per se but only as it is a means to your anchored power. Heaven help this planet if you take it over. Once Edward Francis said he might become President of the United States one day, illusions of grandeur you gave him, also it helps fatten his pompous ego, how he glories in his position of power and authority, and how viciously he wields it.

I take full responsibility for Kathleen leaving me and going to Mexico and getting a divorce and marrying Edgar Mueller. I have apologized sincerely and did so right after leaving staff. It was your manipulations that was the first cause. I should do a multi-million dollar law suit against you and ask for my

Elizabeth Clare Prophet

wife back. Unless I hear from you by December 8, 1980, you stand subject to action against you by me. I will be working against you as hard as I worked for you when I was naive and trusting you with all your claims.

You have in tape threatened me with death and misfortune. You have all but ruined by business, what more do you want? You are greedy, selfish, power happy and a money hungry woman. No wonder you are called "Madame Clear Profit" on the outside, having your staff pay you for room and board and working free, day-and-night as total slaves.

No wonder you feel the vibrations of your enemies, you have so many, but you have no power, may your day be done in the name of the Christ and Holy Spirit and God Almighty for all the evil you do in the name of purity and goodness and the Brotherhood, so many people you have coldly hurt and ran over - just like your parents did to you. You turned out just like them. I thank God daily that I am free from your entanglements, your entrapment of people which does make you a cult and not a religion. Oh yes you can certainly fool the very elect of God, but why are they so gullible? I spent six years overlooking your discrepancies, mistakes, miscalculations and shortcomings. Now I am getting on with my life.

In Linda's quarter you said you had no extra money to educate your children and would rely on scholarships and grants to see them through college. Is Sean, your oldest son living off the ethers when he drives to Chicago with his girlfriend in his own car, rents a luxury apartment on the nineteenth floor overlooking Lake Michigan for \$600.00 a month, buys new furniture to furnish it and has his own personal body guard? As he goes to Northwestern University in Chicago.

When you tell Rory Ingalls, who brought me and 500 others into the teachings, and who was head of the San Francisco Teaching Center for years, (to do the rosary first thing every morning for six weeks before a conference - then at the conference in an Ascended Masters dictation it is said by you during that dictation that San Francisco and the planet is in better shape because of this. Rory forgot to implement your request and never told you.) He then knew to watch you and question you what you were doing. Can you be the messenger or just deluded, or just interjecting what is in your mind at the time. You also had him kidnapped because you weren't going to let him go when he wanted to leave staff, he knew too much, so do I. You don't mind chewing us up and spitting us out, but you do fear that we will talk, and someone will listen and you will be exposed that there will be a fire you cannot put out. The very thing you accuse the dark forces of and communism of doing, you do in the name of good. What a clever cover-up. You stand next to the Great Whore as the False Prophet deceiving the very elect of God. May your day be done quickly in the name of God for the

sake of the innocent you have deceived. What an intermingling of truth and error you have woven.

The Yāneys rented their house along the coast for \$1,200.00 per month and in turn subletted it for \$600.00 a week. Nice people, huh! It sort of shows where they are and being by you is also lucrative.

Do you really believe Revelation 10:7 applies to you? Oh yes you appear to most around you as God incarnate - but thank God you pulled a biggie on me and victimized me so I could see through you. Revelation 11:6 - Why did 20 cars wash away or sink on your property? Revelation 13:2 - That's what you do with your personal heirarchy. I want to make it clear here that the hierarchy of heaven is not in question by me, only you and your illusions and delusions and neurosis.

Once in first quarter you told us (it will be on tape and there are witnesses) that you doubted your messengership. Once in second quarter you said someone said you should be stoned for what you were doing, you said you should only be stoned with fire and brimstone. How true to Revelation 20:10, you put yourself there by your own words, along with the devil and the false prophet. Revelation 13:10 applies to you also, with your captivity of the elect of God. Oh but they don't know until they become your personal friend like me or get to the top and then must choose for personal power and authority or fatten the ego and the end justifies the means, or get out; and how many do leave at the point, you already lost all of your original board members, why?

Even Florence Miller's death certificate is phonyed up, how sad. I saw her working so hard, because of the pressure you put on her, and heard she would physically drop unconscious. How contributory were you to her extreme exhaustion and early death? People joked about her saying if she made her ascension she could attribute it to coffee, to stay awake and maybe sleep one or two hours a night or go day and night without sleep - the coffee could very well have done her in.

It seems there are two biggies, The Great Whore and the False Prophet. You are the false prophet but the most clever of them all. May God have mercy on your soul, and mine also, as I am not perfected yet either.

In that talk of Edward Francis and Tom Miller with Peter Scott, they said I was negative, maligned the church, my drawings were not satisfactory and I was not giving with what they were looking for and decided to terminate my services anyway. The usual belittlement game you play with people - I hear new stuff

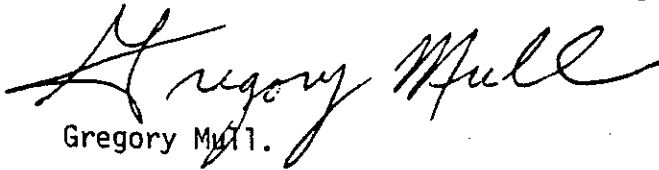

Elizabeth Clare Prophet
Page Six

here. It wasn't this way on the tapes - you like my work. Oh, the belittlement, fear, condemnation guilt game, is your bag, shame on you, and how painful to deprogram oneself from all this. How subtly and otherwise you pull it off.

The last meeting was on your terms, this time it is on mine, even that I was on trial. Either I hear from you by letter personally by December 8, 1980 or you will be hearing from me indirectly. You have no power in the name of the Christ with your fiats and your decrees because I have no fear of you, I only fear for the naive you have, and are in the process of entrapping. It is so painful to see you as you really are, no wonder one of your staff almost completed his suicide, that Monroe Shearer told me of, they are so implanted with fear and exposure, belittlement they don't dare leave. You either resolve this, I warn you, or you will have one of the biggest enemies you have yet had out to expose you.

The original of this letter, as well as copies of tapes and other information is in the hands of my attorney to be opened and used against you if anything should happen to me by any actions contemplated or implemented by you.

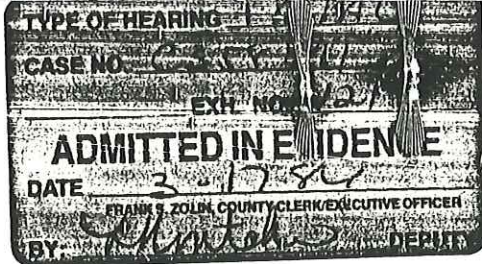

You can either settle this once and for all and we can get on with our lives or suffer the consequences. You now are thoroughly and completely warned, you had better not send your henchmen out to play detective again or telling people I borrowed money from you and didn't pay it back. Don't forget your evil tactics of brainwashing me, your original promises to me which you never intended to keep. You are a taker but want to appear as a giver. You so well fool the elect sons and daughters and children of God. How many times have I heard you say: "What am I going to get out of this, what are they going to give me?" You never give something for nothing.

Gregory Mull.

Re: Church Universal & Triumphant
Elizabeth Clare Prophet, leader

This organization has had conferences every three months with thousands of people in attendance, and for almost the last two years has not had a permit from the regional planning director to erect a tent. A permit can be granted for a seven day period twice a year, but not four times a year. Because of past violations, no permit should be issued at this time for the New Year's Conference or for future times to make up for this gross illegality. They tried to hide the tents among the trees and hoped this would not be seen. A couple years ago, when I was on staff, the fire marshall came by and told them to take out the blower heaters as they were a fire hazard. They took them out, then after his inspection they were put right back in. This organization has become a law unto itself, disregarding codes and rules of public safety.

Immediate action should be taken to close down the Summit University classroom in the Church of the Holy Grail building because many walls were removed and no structural engineer was consulted for earthquake safety for doing same. This room houses approximately 180 people for the conference and serves as a Summit University classroom. It should not be used for this New Year's Conference.

I designed an enclosure of an existing space at the swimming pool known as a boutique and bookstore. Window sizes were designed off the floor to conform to code. My plans were not followed. The windows were put approximately 10" off the floor and I had no verification that they are tempered glass. Verification should be made of these before the public be permitted in this area.

Stairs were built to the tower room office on the third floor level going from the second floor living quarters of Elizabeth Clare Prophet to this one tower room which is her private of-

fice. The building is known as the old Gillette Mansion. Windows also were put in that room without a permit.

The dining room at the Novitiate building consists of adjoining tents year round with a space heater. This should be investigated as a fire hazard as it adjoins the small children's classrooms.

Air conditioning and electrical work has been put throughout all buildings without a permit. Walls have been removed and added at will.

The stable building and carriage house were made into offices and classrooms with new window walls added, without a permit.

People are living in trailers yearlong and at conferences. When I was on staff, it was Patty and Kelly Thompson, Steven Trueblood, Mr. and Mrs. Brailsford, Orla the printer, etc.

I was asked to design an elementary and high school for 525 children. I designed one where only one small oak tree could be transplanted. I was forced to design one where 17 oak trees had to be removed, and were removed. The ecology people should see that this practice cease at once.

Crowded conditions for housing exist. People sleep with the goats in the goat barn, on roofs at conferences, forty to sixty people crowded in one room, in boiler rooms, on the floor by desks, on supply room shelves, etc. Once an inspection was made and beds were removed; people headed for the hills until after the inspection. Mrs. Prophet lives in utter luxury while her subjects suffer it out so she can get richer and more powerful.

The hay barn print operation was built in a stick type barn with just a metal roof and sides approximately four feet on the sides, otherwise completely open, with a dirt floor. This was originally designed to hold bailed hay. A complete building was constructed within this space without a permit. This was reported by someone other than myself. An architect has been employed as requested by the building inspector to verify if it is built according to code. When I saw it going up I saw that no lateral bracing was provided for, according to code, and alerted them of same. I was not on staff at that time, or at the time the Summit University classroom was made.

The gazebo, "Will of God Focus," at the Ashram of the World Mother, 3340 Country Club Drive, Los Angeles, CA 90019, on the grounds of the mansion, one of the houses of Mrs. Prophet, was drawn up by me and I got a permit. They never care if they follow my plans. They did not put foundations under the new construction, did not have air conditioning inspected, and did not provide a post under a beam. They were caught by the Los Angeles building inspector and had to follow my plans. Also the inspector asked for a post to be put under a beam, that part has not been done to this date. It should be corrected before being used any further.

You may ask, how can this happen, and rightly so. I was a member of this cult for six years, and on staff for one year and five months as their building designer. I am licensed with the State of California Board of Architectural Examiners. I designed a thirty-three hundred seat auditorium, with a bomb shelter in the basement, preliminary drawings of a private luxury residence, with a bomb shelter under same, a riding academy, an elementary and high school, etc. No permits were secured for these because of the government's desire to claim the 220 acres of their property as a park. Under the regime of Mrs. Prophet, it is run as a strict, military-type hierarchy, where you can not question or disobey your superiors. When I tried to question, I was severely reprimanded by Mrs. Prophet and her board of directors, mainly Monroe Shearer and Edward Francis. I signed a pledge to be subject to hierarchy when I joined staff, to never reveal any of their operations. For the sake of public safety, and my duty to the Board of Architectural Examiners in Sacramento, and my profession, this must be exposed. I must expose this illegality, now that I have separated myself from the cult. I am still in the process of de-programing myself from their brain washing.

I have been threatened with death, misfortune, and I would not make my ascension from this embodiment, by Mrs. Prophet. She told me I must not provide for or educate my daughter after the age of eighteen, she is now nineteen. That money is to go to the church instead. They disrupt marriages, separate families, and have no respect for human decency. I have undergone the painful process of de-programing myself from the guilt, fear, and condemnation that has been put upon me by their belief system. They decree (chant) against me twenty-four hours a day to try and stop me from exposing them.

This woman is one of the most clever, rip-off artists on the planet, and her followers know it not, because she claims to be Guru, messenger of the Great White Brotherhood, Vicar of Christ, (which is a claim to be Pope of the Roman Catholic Church), Mother of the Universe, and the only who is God incarnate on this planet. Actually, she seeks power, and is after money to anchor

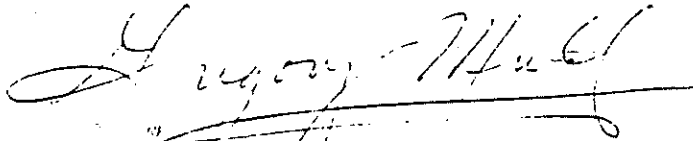

that power.

When you know her personally, as I did, you have to accept that the end justifies the means or leave. I knew I could not continue any longer, because of her actions against me. I thank God I am no longer under her domination, or my wife, who was her private secretary for almost one year. She left before I did because she saw what was going on first hand. An expose must be done on this imposter, and it will be done.

I wish to establish their complete disregard for breaking the laws of this land, for now, on the level of their practices with doing building work.
